We want both locals and visitors to not only enjoy the town of Chesham and the wonderful Chiltern countryside around it, but also to sample some of the delights of the local food and drink. This leaflet contains four trails; one in the town and three in the surrounding countryside.

Chocolate and bread, the Chesham Sausage, local honey and many other surprises are to be found in town. In the countryside, the visitor will find apple juice produced from local orchards, farm shops with food straight from the farm (just taste those fresh eggs) and watercress grown in spring water. We do hope that you come and explore the trails to find what there is to sample and to meet the producers. They are all there for the finding.
